

# Symposium on Atmospheric Chemistry, Climate, and Health

November 10, 2017 • Raleigh Convention Center  
Raleigh, North Carolina • #SigmaXimtg

IMAGE BY NASA

## Featured Speakers

**David Archer, PhD**  
The University of Chicago

Humanity and Global  
Warming: Views from the  
Carbon Cycle

**Barbara Finlayson-Pitts,  
PhD**

University of California, Irvine

The Past is Prologue:  
Lessons Learned for  
Science-Based Policies to  
Address Air Quality and  
Climate

**C. Arden Pope III, PhD**  
Brigham Young University

Air Pollution and Health:  
Scientific and Public Policy  
Controversies

**A. R. Ravishankara, PhD**  
Colorado State University

The Ozone Hole: From  
Discovery to Recovery

**Jeffrey Shaman, PhD**  
Columbia University

Simulation and  
Forecast of Infectious  
Disease: Environmental  
Determinants and  
Transmission Dynamics

Followed by the Student Research Conference  
on November 11 • [meeting@sigmaxi.org](mailto:meeting@sigmaxi.org)
